

Schedules

League Play begins the week of April 25, featuring an 11-week doubleheader season.

Make-up games and a end league playoff will be added on to the end of the regular season as long as all games are scheduled to be played prior to August 11.

Game times are balanced so no team will have more than one more or one less game at a particular game time than the league average. Ex: League average is two early games, a team may have 1, 2, or 3 early games scheduled.

Teams will have equal number of home and away games. If a team does play an odd number of games, it will have either one extra home or away game.

Game Balls

Team are provided a supply of game balls for the season. Teams are responsible for providing games balls for each game for use while their team is batting. Teams are not to use the opposing team's ball and are expected to have replacements ready as necessary. All new softballs should remain in original packaging until they are needed in a game. It is recommended teams label their balls with identifiable markings. No altered balls allowed, penalty is an automatic out if appealed by opposing team.

If more balls are needed, teams are responsible for purchasing additional legal game balls. Teams must bring an appropriate number of balls to ensure back up balls are ready for play. Games delayed due to no available game balls (not having enough, not retrieving balls out of play, etc), it is at the umpire's discretion to call strikes and outs until a ball is thrown in to the pitcher for play.
