| NAME | COMMENT |
|-----------------------|---|
| Lisa Donahue | City of Golden Valley, MN - Local Government Will this apply to large apartment buildings? I hope so! The majority of my trash is organic materials. I don't have the ability to compost so hauling is my only option. It makes so much sense to collect from multi-story apartment buildings. Please consider! |
| City of Golden Valley | The city's program will only apply to single family to fourplex households, but we will be continuing to work with multi-family units to provide materials and help encourage the implementation of organics recycling. |
| Joe Gellman | Good to see, this is overdue. Would like to happen ASAP, not wait until the legally required Jan. 2022. |

| Nancy Nygaard Johnson | I can't wait for this to start! We do home composting but this will take it up a notch! We only have 1 bag of garbage a week now and we'll have even less once this starts. Have to think of the best way to manage it. |
| Kathy Longar | What is the cost? |
| Nancy Sampson Wood | Kathy Longar I wonder if they'll automatically include it in our quarterly water bill..whether we want it or not. |
| Debra Heins | Kathy Longar I wonder if they'll automatically include it in our quarterly water bill..whether we want it or not. |
| Kathy Longar | Debra Heins Just looking for information. |
| Nicola Moore Dixon | Thanks so much for making it happen! |
| Amy Reisdorph Herzog | I'm very happy about this! |

| Jerry Herzog | Amy Reisdorph Herzog me too! | | | | |

| NAME | COMMENT | | | | |
| Carl Pearson | I'm looking forward to this change and also happy council approved the bin storage ordinance. This will put me at 4 bins so side of house storage is important, especially during winter. | | | | |
| Kathie Zettervall | When do we get the full information about this new program? | | | | |
| Miguel Cisneros | <p>Kathie Zettervall "At its Oct 19 meeting, the Golden Valley City Council approved a new contract with Republic Services for residential curbside recycling and organics recycling beginning January 2022. Recycling pick up will remain on an every-other-Friday schedule, and organics recycling will be picked up every Friday beginning January 7, 2022.</p> <p>The City is adding an organics collection service to follow Hennepin County's mandate that all cities with more than 10,000 residents make curbside organics recycling available.</p> <p>This means all Golden Valley residents living in single-family through four-plex households will soon have an additional cart to recycle organic material. New carts are expected to be delivered near the end of December. Republic Services is working on a method for residents living out of state during the winter months to delay their organics cart drop-off date.</p> <p>Residents will also notice a \$17 increase (\$5.66 per month) on their quarterly utility bill, for a total bill of \$34 per quarter. Aside from organics recycling, this quarterly bill also pays for standard recycling services and annual waste and recycling programs like Mighty Tidy Day, Spring Brush Pick-Up, and Fall Leaf Drop-Off. Residents will not be able to delay or opt out of the quarterly organics recycling fee.</p> <p>For questions or concerns about organics recycling and cart drop-off, please contact Republic Services at 952-941-5174.</p> <p>Updated Cart Storage Ordinance</p> <p>The Council also approved the first reading of proposed changes to the City's waste bin storage ordinance. With new carts for organics coming soon, the proposed changes to City Code Section 22-23 would no longer require</p> | | | | |

| | | | | | |
|--|--|-------------------|------------------------|------------------------|-----------------|
| | residential waste containers to be hidden from street view or stored behind the front plane of a residence. The carts will still need to be stored within 5 feet of the primary or accessory structure. The second and final reading of this ordinance revision will be at the November 3rd City Council Meeting. More details on the ordinance change can be found in the Oct 19 City Council Meeting Agenda.” From the link above from the city. | | | | |
| Kathie Zettervall | Miguel Cisneros I understand about getting a cart. I would like to know what gets recycled and how to do it. | | | | |
| Miguel Cisneros | Kathie Zettervall good question! | | | | |
| Stephen Boyd | Kathie Zettervall There does seem to be missing details. I found this from the City of Fridley. They use Republic Services too. I can only “assume” it will be similar until there is better info available. https://www.ci.fridley.mn.us/1336/Organics-FAQs | | | | |
| City of Golden Valley, MN - Local Government | The Curbside Recycling/Organics Recycling page on the City website provides currently available information and includes a link to Hennepin County's Organics Recycling Guide, which the City will be following. An organics recycling FAQ is in development and will be posted this week. Please watch for updates, and if you have specific questions, contact the City's Engineering Department at 763-593-8030. https://www.goldenvalleymn.gov/recycling/curbside/index.php | | | | |
| Stephen Boyd | No monster cart like the recycling one please it will be way overkill for organically. | | | | |
| Carl Pearson | Stephen Boyd when organics rolled out in Edina people got the 35 gallon rollable bins. I would expect the same for us as the default size. | | | | |
| Karen Boehne | Does anybody know what other companies submitted a bid for our city recycling/organic program? | | | | |
| Stephen Boyd | Karen Boehne I suspect all that were interested in bidding. It’s probably best to reach out direct to he city for that kind of info if you feel you really need to know. | | | | |
| Karen Boehne | Stephen Boyd I wouldn’t say I “really need to know”, but it would be interesting how the bids came in. | | | | |
| Elvis Travančić | Nice! | | | | |
