

Article V: Amendments and Revisions

The Commission will review these bylaws no later than the second meeting after May 1 every three years. Members may present recommendations for changes and amendments. These bylaws can be altered or amended at any regular monthly Commission meeting with a majority of members present, provided that notice of the proposed changes and amendments is provided to each member at least 10 business days before the meeting. The Council must review and approve any changes to, and has final authority regarding, these bylaws.
